Verona, 23/01/2013

To whom it may concern

This is to certify that Envicon dermocosmetic products have been developed according to the most recent International Guidelines of the Dermatologic and Paediatric Societies for the treatment of different dermatological conditions such as: atopic dermatitis, psoriasis and dry skin. The products have been evaluated and tested in the Pediatric Clinic of the University of Verona, Italy, as well as by the Dermatologic Clinic of the University of Verona.

They have been tested in thousands of patients with excellent results. The products have been also tested in patients with nickel sensitivity with optimal results.

Sincerely

*Attilio Boner*  
*Director of Pediatrics Clinic*  
*University of Verona*  
*Italy*
